

PUBLIC MEETING ANNOUNCEMENT

Title: Pre-License amendment application submission meeting to discuss the licensee's, New York State Energy Research and Development Authority's (NYSERDA's), approaches to potentially update its current NRC license.

Date(s) and Time(s): August 09, 2018, 01:00 PM to 04:00 PM

Location: NRC Two White Flint North, 5D30
11545 Rockville Pike
Rockville, MD

Category: This is a Category 1 meeting. The public is invited to observe this meeting and will have one or more opportunities to communicate with the NRC after the business portion of the meeting but before the meeting is adjourned.

Purpose: NYSERDA requests a pre-amendment meeting with NRC to discuss the options for the possibility of amending its current license to address NYSERDA's short term goal of site maintenance in potentially contaminated areas of the NRC retained premises and to address NYSERDA's long term goal of updating its license to reflect current site conditions and licensing terms relevant to the Western New York Nuclear Service Center going forward (ML18192C159).

NYSERDA requests a pre-amendment meeting with NRC to discuss the options for the possibility of amending its current license to address NYSERDA's short term goal of site maintenance in potentially contaminated areas of the NRC retained premises and to address NYSERDA's long term goal of updating its license to reflect current site conditions and licensing terms relevant to the Western New York Nuclear Service Center going forward (Agencywide Documents and Management System (ADAMS) Accession No. ML18192C159). NYSERDA plans to discuss at least two options for updating/modifying its license, as follows: (1) convert the current license to a Title 10 of the Code of Federal Regulations (10 CFR) Part 50 possession-only license, with Parts 30 (byproduct material), 40 (source material) and 70 (special nuclear material) authorizations included, as needed to reflect current conditions at the site, and (2) convert the current license to a Part 70 materials license along with Parts 30 and 40 requirements as indicated for the site. The staff is prepared to answer regulatory process questions related to these topics at this meeting. All handouts and specific portions of NYSERDA's draft license amendment application that NYSERDA may plan to provide the staff at this meeting will be added to the public meeting announcement in advance of this meeting.

The time of the meeting is local to the jurisdiction where the meeting is being held.

The NRC provides reasonable accommodation to individuals with disabilities where appropriate. If reasonable accommodation is needed to participate in this meeting, or if a meeting notice, transcript, or other information from this meeting is needed in another format (e.g., Braille, large print), please notify the NRC meeting contact. Determinations on requests for reasonable accommodation will be made on a case-by-case basis.
