Subject: [External_Sender] FW: Letter to the Navy Transmitting the NRC NOV and Confirmatory Order
Importance: High

Jim and Ray,

In accordance with Confirmatory Order issued to Tetra Tech EC, Inc. on October 11, 2016, I'm providing evidence of completion of Item 6, which required a letter to be sent to the Navy that contains both the NOV and Confirmatory Order. That letter is attached.

Item 6a also required that the State of California Dept. of Public Health and the NRC Region 1 Director, Division of Nuclear Materials Safety receive a copy of this letter. Attached is evidence of our transmittal of this letter to the State. As discussed during our mediation, this e-mail will constitute notification to the NRC Region 1 Director.

I believe this completes all actions required under Item 6, and would appreciate a reply e-mail with your concurrence.

Thanks,
Andy
