Dear Mr. Elliott:

Re: Turkey Point Plant Fisheries Research Center

This letter is to clarify my letter of February 19, 1975, in which we informed you that Farm Fresh Shrimp Corporation of Ft. Lauderdale was replacing the Rosenstiel School of Marine & Atmospheric Science at our Turkey Point Plant fisheries research center.

The Rosentiel School of Marine & Atmospheric Science at Miami University is no longer conducting research at Turkey Point. We are currently negotiating with Farm Fresh Shrimp Corporation to conduct research on the large-scale development of macrobrachium juveniles. We expect these negotiations to be completed soon and that the research will be initiated in April, 1975.

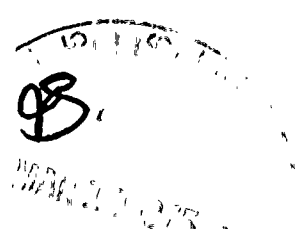

We will keep you informed as to the date of the start of the research program.

Very truly yours,

*J. A. De Mustry*
