Office of Nuclear Reactor Regulation
Attention: Mr. Victor Stello, Director
Division of Operating Reactors
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Stello:

Re: Turkey Point Unit 4
Docket No. 50-251
Inservice Inspection Program

The attached information supplements our letter of December 9, 1977 (L-77-372) and responds to a September 7, 1977 information request from your staff.

In reference to our letter of February 2, 1978 (L-78-41), the preparation of a revised Unit 4 pump and valve program and associated Technical Specifications is continuing. We have been unable, however, to meet the March 1, target date and have rescheduled our submittal for April 1, 1978.

Very truly yours,

RE
Robert E. Uhrig
