(Undeliverable checks) Specifically the undeliverable funds due individuals, businesses and vendor checks for fiscal year 2014-2018. /

If possible, please indicate or eliminate any checks or EFT payments that have been or are presently being reissued.

Please include any Electronic Fund Transfer (EFT) payments that were made or were attempted and failed as well.

We would like for the list to include all outstanding (terms that are to date claimable by the proper legal claimants.)

I understand from other agencies that certain fields on the report may be confidential so we restrict our request to the check number, check date, amount of the check, agency code or reference number, and payee name and address. However, if it is simpler and more cost effective to send the entire report, we can work around the extra fields. Please select the method of delivery. They are listed in the order of our preference.
