Larry –

Thanks for providing the revised tables. We will be able to incorporate this into our review.

Doug,

Sorry for the inconvenience on the radon numbers. Attached to this email is a revised copy of the two effluent air charts. There was a problem with the conversion of the units.

Please let me know if there are any other problems. I will try to give you a call this morning to touch base.

Thanks,

Larry

**Subject:** Radiation Data for NB for 2012

Doug,

Attached to this email is the radiation data for NB for the year 2012 for the SRH license. I am working on the selenium plant drawing and will send that to you in a later email.

Please let me know if you have any other questions.

Thanks,

Larry
