

# ALABAMA DEPARTMENT OF PUBLIC HEALTH

Scott Harris, M.D., M.P.H.  
State Health Officer

August 21, 2018

Sabrina Atack, Acting Deputy Director  
Division of Materials Safety, State, Tribal  
and Rulemaking Programs  
Office of Nuclear Safety and Safeguards  
U.S. Nuclear Regulatory Commission, T8-E18  
Washington, D.C. 20555-0001

Dear Ms. Koch:

Enclosed is a copy of the proposed revisions to the Alabama Radiation Control Rule, Rules for Licensing, Chapter 420-3-26-.02. The proposed revisions will be made available for public comment on September 1, 2018 with a request for comments by October 5, 2018. A public hearing will be held on September 20, 2018, at 9:00 am, at the RSA Tower, Suite 1540, 201 Monroe Street, Montgomery, AL 36104. The proposed revisions are identified by underline/strikeover and correspond to the equivalent amendments to NRC's regulations.

<u>Rats ID</u>	<u>Title</u>	<u>State Section</u>
• 2015-3	Revision of Transportation Safety Requirements and Harmonization with IAEA Requirements	420-3-26-.02
• 2015-4	Miscellaneous Corrections	420-3-26-.02

In addition, the revisions address "*Compatibility Comments on Alabama Final Regulations*" that were included in the NRC letter dated December 27, 2016.

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Materials Safety and Safeguards (NMSS) Procedure SA-200.

If you have any questions, please feel free to contact me at 334-206-5401 or at [david.turberville@adph.state.al.us](mailto:david.turberville@adph.state.al.us).

Sincerely,

David A. Turberville, Assistant Director  
Office of Radiation Control
