Subject: [External_Sender] COMMENT TO the NRC on Docket ID NRC–2018–0052: Holtec International's HI–STORE Consolidated Interim Storage Facility Project

Dear NRC Staff:

I urge you to reject Holtec International's application for a Consolidated "Interim" Storage Facility (CISF) for high level nuclear waste.

There are far too many un-answered questions and red flags, including employees of Tetra Tech (the firm that produced the Environmental Report for Holtec,) who were convicted of fraudulently falsifying radiation data in the Navy's Hunters Point project.

This proposal is purely a for-profit venture, and tramples all concerns for public and environmental safety in the dust.

Please reject it, and protect generations of Americans from nuclear contamination.

Thanks for your consideration.

Mr. Robert Olofson
