ROP Support and Generic Communications Branch
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission

Introductions and Opening Remarks

Agenda

- Introductions and Opening Remarks
- Format of NRC staff's comments
- Structure for comment discussion
- General Questions/Comments
- Next Steps and Schedule
- Opportunity for Public Comment
- Closing Remarks

Format of NRC staff's comments

1. Correction:

- (a) Comment discussed at the June 26, Category 2 public meeting with NEI.
- (b) Comments that document instances in the guidance where there exists a potential incorrect interpretation of referenced guidance (e.g., NEI 96-07 or RIS 2002-22) or regulation (such as 10 CFR 50.59).

2. Enhancement – Comments that document potential points of uncertainty and could be clarified.

Structure of comment discussion for this meeting

- Group 1 - Alignment
- Group 2 - Alignment with suggested modification
- Group 3 – Clarification
- Group 4 - Possible challenge
- NEI has recommended the following order for comment discussion – Group 1, 3, 4, and 2

Meeting Goals

- Document comments where NEI/NRC align
- Provide clarification on comments that will facilitate resolution
- Identify comments that will require further NEI/NRC interaction

Comment Discussion

General Questions/Comments

- Action Items
