

As per our phone conversation on friday 9/7/18.

My name is Winston S. Imbert, MD, DABR.

As owner of Tome & Ubiñas Radio Oncology Center, I am currently in charge of our practice / business administration.

The person registered under our NRC license, Guido Umpierre Maymi, does not longer work with or for us (retired).

For the above reason, we have requested the change in management of our license 52-25487-01.

Cordially,

Winston S. Imbert, MD
