Director of FSME
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Director of FSME,

Dawson Construction recently completed work on a remodel of the University of Alaska campus at 600 Stedman St. in Ketchikan, Alaska. During demolition eight self luminescent exit signs were saved for proper disposal. These signs were shipped to SRB Technologies (NC Radioactive Materials License # 034-0534-2) in Winston-Salem. Included is an inventory of the signs. These signs will be processed and disposed of by SRB Technologies.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Brooks", located below the word "Sincerely,".

Michael Brooks

Dawson Construction Inc.
