Subject: [External_Sender] RE: follow-up regarding consultation letter
Date: Wednesday, September 26, 2018 10:38:09 AM

This letter is in response to the above referenced project.

The Shawnee Tribe's Tribal Historic Preservation Department concurs that no known historic properties will be negatively impacted by this project.

We have no issues or concerns at this time, but in the event that archaeological materials are encountered during construction, use, or maintenance of this location, please re-notify us at that time as we would like to resume immediate consultation under such a circumstance.

If you have any questions, you may contact me via email at tonya@shawnee-tribe.com

Thank you for giving us the opportunity to comment on this project.

Sincerely,

Tonya Tipton
Shawnee Tribe

Subject: follow-up regarding consultation letter

Dear Ms. Tipton,

On September 7, the NRC sent a letter to Chief Sparkman inviting the Shawnee Tribe of Oklahoma to consult with the NRC under Section 106 of the National Historic Preservation Act regarding our ongoing review of Honeywell's request to renew its license for uranium conversion operations. You can access the letter here: <https://www.nrc.gov/docs/ML1825/ML18250A316.pdf>. You can access Enclosure 1 (Regional Location of the MTW Facility) here: <https://www.nrc.gov/docs/ML1813/ML18134A157.pdf> and Enclosure 2 (Response Form – Cultural Resource Considerations) here: <https://www.nrc.gov/docs/ML1824/ML18240A090.pdf>. Enclosure 3 (Archaeological Literature Review) contains sensitive information, so it is not available through a

link. If you would like me to email you Enclosure 3, please let me know.

At your convenience, please let me know whether the Shawnee Tribe is interested in consulting on this project. You may use the form enclosed with the letter (Enclosure 2) or, if you prefer, respond to this email.

Kind Regards,
Christine
