Office of Nuclear Material Safety  
and Safeguards

SUBJECT: SOLICITATION OF TOPICS FOR THE 2019 ORGANIZATION OF  
AGREEMENT STATES ANNUAL MEETING

The 2019 Organization of Agreement States (OAS) annual meeting will be held in Minneapolis, Minnesota on August 19-22, 2019, and I am requesting topics that your office would like to present at the meeting. The membership of the OAS consists of state radiation control directors and staff from the 38 Agreement States who are responsible for implementing their respective Agreement State programs. The OAS provides a mechanism for the Agreement States to collaborate with each other and the U.S. Nuclear Regulatory Commission (NRC) to ensure the protection of public health and safety and the environment within the National Materials Program.

I will provide the NRC's suggested topics to the OAS Board for discussion and consideration at their board meeting on March 13-14, 2019. The OAS Board is responsible for planning the annual meeting, including the development of the 2019 annual meeting agenda.

I would appreciate receiving topics, including a short description of the topics and potential speakers, by **January 31, 2019**. Offices interested in presenting a poster should also submit a poster title and a short description by this date. Please submit the requested information to Kathy Modes (contact information provided below). I will notify all potential speakers whether their topics are accepted following the OAS Board meeting on March 13-14, 2019.
