General Comment

This week's Profile in GOP Hypocrisy features House Speaker Paul Ryan.

"Of all the broken promises from President Obama, this is probably the worst one because this debt is threatening jobs today, it is threatening prosperity today." - Paul Ryan, September 4, 2012

"That was going to happen. The baby boomers retiring was going to do that." - Paul Ryan, April 15, 2015

So... when Obama was president, the growing national debt reflected a personal failing. But now that President Tiny Hands is president, the growing debt is inevitable. Riiight.
