This is a request under the Freedom of Information Act. I hereby request copies of the following records:

-Any and all records, to include but not limited to reports, memos, photos, etc., related to the theft of two 5-gallon cans of low enriched uranium from the General Electric Plant in Wilmington, NC on Jan. 26, 1979. The FBI later arrested an employee, David L Dale, in the incident. More information can be found in the U.S. NRC's document collection, here: <https://www.nrc.gov/reading-rm/doc-collections/gen-comm/circulars/1979/cr79008.html>.

I also request that, if appropriate, fees be waived as I believe this request is in the public interest. I am a member of the news media – WECT News in Wilmington, NC – and this request is not being made for commercial purposes. Please see the attached PDF for proof of my status as a member of the news media.

In the event that fees cannot be waived, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or CD-ROM if not.
