License Number: 06-30842-01

Docket Number: 030-36420

Mail Control Number: 609867

1. Please describe any planned changes in the organization, including but not limited to, transfer of stocks or assets and mergers, change in members on the Board of Directors, etc. Provide the new licensee name, mailing address, and contact information, including phone numbers.
1. On 1/1/19, Consulting Cardiologists, PC and Cardiology Associates of Central CT, LLC will become one entity under the Consulting Cardiologists, PC name and tax ID #. This will be a merger of equals in which all assets will be pooled and shareholders from both practices will surrender their shares for new ones issued by the newly configured company. All physician shareholders will be equal partners in the new Consulting Cardiologists, PC. The license name will remain Consulting Cardiologists, P.C., with business address of 85 Seymour Street, #719, Hartford, CT 06106 and contact Sandra Llegi, Practice Manager, phone number of (860) 522-0604 and fax of (860) 522-1761.
2. Please describe any changes in personnel or duties that relate to the licensed program. Include training and experience for new personnel and any changes in the training program.
2. There are no changes applicable to this section.
3. Please describe any changes in the location, facilities, equipment, radiation safety program, use, possession, waste management, or other procedures that relate to the licensed program.
3. There are no changes applicable to this section.
4. Describe the status of the licensee's facilities, equipment, and radiation safety program, including any known contamination and whether decontamination will occur prior to transfer. Include the status of calibrations, leak tests, area surveys, wipe tests, training, quality control, and related records. Since decommissioning is not anticipated at this current time, please describe any contamination and confirm that the transferee is knowledgeable of the extent and levels of contamination and applicable decommissioning requirements.
4. The radiation safety programs of both licensees are comparable and each site of use will remain active. Contamination at Cardiology Associates of Central CT, LLC, has not been found nor is any expected. The quarterly dose calibrator linearity test at CACC presently utilizes attenuating sleeves, but a change to the source decay method will be effected. The status of QC, calibrations, leak tests, area surveys, wipe tests, training, and related record keeping is up to date. The removal for disposal of old sealed sources, which are no longer suited for QC testing, will be undertaken.

5. Please confirm that all records concerning the safe and effective decommissioning of the facility will be transferred to the transferee or to NRC, as appropriate. These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination, including methods and sensitivity.
5. Our facilities will remain in active use. Should we decommission a facility, decommissioning records will be kept.
6. Please confirm that both transferor and transferee agree to transferring control of the licensed material and activity, and the conditions of transfer, and that the transferee has been made aware of any open inspection items and their responsibility for possible resulting enforcement actions.
6. Confirmed; this document is signed by both parties to indicate agreement with the transfer of control of licensed materials and the conditions of the transfer. The most recent NRC inspection of CACC's licensed activities was on 3/18/15 and no violations were identified.
7. Please confirm that both transferor and transferee will abide by all constraints, conditions, requirements, representations, and commitments of the transferor or that the transferee will submit a complete description of the proposed licensed program.
7. Confirmed; the radiation safety programs of both licensees are comparable and each site of use will remain active.
8. Please provide an organization chart, indicating corporate structure, including all parent companies, prior to and after the proposed corporate transaction.
8. A revised organizational chart is attached.
9. Please indicate your titles and if you are owner/co-owner of your facility.
9. All of the partners from Consulting Cardiologists, PC own their equipment located at 305 Western Boulevard, Glastonbury, CT 06033 and 100 Simsbury Road, Avon, CT 06001. All of the members of Cardiology Associates of Central CT, LLC own their equipment located at 1062 Barnes Road, Wallingford, CT 06492.

If you need any additional information, please do not hesitate to contact Sandra Liegl at (860) 947-4295. Thank you.
