Subject: [External_Sender] RE: Clarification of RAI 28 Response
Date: Monday, October 29, 2018 10:35:56 AM

Joe,

The interim guidance transmitted via MRP 2018-033 is the guidance that was referred to, and completes the action identified in the RAI 28 response.
The timing just happened to work itself out in this case.

Thank you.

Kyle J. Amberge

Subject: [EXTERNAL] Clarification of RAI 28 Response

*** Exercise caution. This is an EXTERNAL email. DO NOT open attachments or click links from unknown senders or unexpected email. ***.

Kyle,

The response to Request for Additional Information (RAI) 28 states the following:

“The industry is preparing NEI [Nuclear Energy Institute] 03-08 interim guidance associated with the NSSS [nuclear steam supply system] OEM’s [original equipment manufacture’s] recommendations in NSAL [Nuclear Safety Advisory Letter]-18-1.

However, on September 5, 2018, via MPR 2018-033, the staff received the interim guidance.

Please clarify if the RAI 28 response is indicating that additional interim guidance is being prepared or if the guidance transmitted in the September 5, 2018, letter completed the action identified in the RAI 28 response.

Note that this email and your clarification will go into ADAMS. Unless you tell me there is proprietary information in either, both will be made public.

Thanks,

Joe
