SUBJECT: CYTEC INDUSTRIES, INC. - NRC INSPECTION NO. 03015161/2018001

Dear Mr. Fenton:

This letter refers to your correspondence, received October 11 and 19, 2018, in response to our July 25, 2018, letter. Thank you for informing us of the corrective and preventive actions documented in your letters. These actions will be examined during a future inspection of your licensed program. The letter dated October 19, 2018, submits most of the information needed for an indirect change of control. This letter initiated a licensing action for approval of the indirect change of control. The licensing action was assigned Control No. 610275. Completion of this licensing action will complete the corrective action. Please refer to that action for any further correspondence.

Your cooperation with us is appreciated.

Sincerely,

/RA/
