Hi Jim and Monika,

As we discussed on our last phone call, it appears that my email dated October 3, 2018 did not reach you because the attachment was over 10Mb.

I have attached a summary document to address Monika's question regarding the SDP Cultural Data Recovery Plan by EMI in 2005.

Let me know if you have any additional follow-up questions.

Thanks

Hi Jim and Monika,

Attached in the SDP which I downloaded from ADAMS (ML17340A486) which contains Attachment A both the transmittal letter and the full Data Recovery Plan.

Hope this helps.

Thanks

Kent

Hi Jim

On page 17 of Rio Algom's Environmental Report, in the Historical and Cultural Resources section, they reference a Data Recovery Plan that they state is included as Attachment A to RAML's SDP (RAML, 2006). When I look at the 2006 RAML SDP, there is a cover page for the Data Recovery Plan in Attachment A, but the actual plan is not there.

Is this something you could easily ask them for? I have a Data Recovery Plan that was prepared in December 2005 by Ecosystem Management, Inc. ([ML060670532](https://www.federalregister.gov/documents/2006/06/06/ML060670532)), but I want to confirm this is the same document referenced in the SDP or if there is a more current version of the Data Recovery Plan (I'm guessing not).

Any help you can provide me would be greatly appreciated.

Monika
