PART I.D -- COMMENTS

The Class 2 version of document WCAP-17504 contains items of proprietary information belonging to Westinghouse. As such, the NRC made publicly available a Class 3 version of the document, which is designated as ML#16085A154.

As the FOIA specialist communicated to you, under the FOIA, our office is obligated to afford Westinghouse the opportunity to re-review the Class 2 version and provide us information that would allow us to determine whether any of the information not included in the Class 3 version is "confidential commercial or financial information" within the meaning of FOIA exemption 4. This "business submitter" process would mean further delays in the processing of your request and, based upon informal communications with Westinghouse, we would expect that much, if not all, of that information would remain exempted from public disclosure.

In light of these developments, you informed us that you are withdrawing your request. Accordingly, we are administratively closing our file.
