Subject: [External_Sender] Can you help me?

Hey,

I apologise for making such a direct approach but I found your email address on your website's contact page. I am emailing folk like yourself about the opiate epidemic in the USA. This is a vitally important subject, and one that should be discussed more as part of the upcoming mid-term election.

I created a visual piece of content detailing why the US Government isn't helping enough to solve this opiate epidemic. You can find this content here: <https://www.rehab4addiction.co.uk/white-house-response-opiate-epidemic>

Please allow this a while to load as many are included!

I would really appreciate it if you could upload a web link to the page from your website. May I suggest you link to this article from this page of your website: www.nrc.gov/reading-rm/doc-collections/fact-sheets/chernobyl-bg.html ?

Uploading this link will help to draw awareness to the issues that matter.

I suggest you simply upload the below link and description into this page to draw attention to these issues:

The [White House's Response to the opiate epidemic](https://www.rehab4addiction.co.uk/white-house-response-opiate-epidemic) - why not enough is being done to end this problem.

Please feel free to change this how you see fit. I know this may be inconvenient and that you are busy, but you will raise awareness by adding this link. Is this not a cause you would like to get behind?

Many thanks for doing this!

Oliver Clark.
