

**Summary of Changes to Three Procedures and One Form that Implement the Radiological
Emergency Response Plan (RERP) for Wolf Creek Generating Station (WCGS)**

1. Procedure EPP 06-009, "DRILL AND EXERCISE REQUIREMENTS," Rev. 11A

The procedure is being revised to correct spelling, punctuation, capitalization, typographical or grammar errors and minor word changes to provide clarification.

The change does not reduce the effectiveness of the Emergency Plan.

2. Procedure EPP 06-018, "MAINTENANCE OF EMERGENCY FACILITIES AND COMMUNICATIONS CHECKS," Rev. 14

The procedure is being revised to incorporate changes in responsibilities for checking and maintaining the EOF diesel generator, address changes in the Company Organizational Chart and provide clarity for actions required for nonemergency use of Emergency Planning vehicles.

The change does not reduce the effectiveness of the Emergency Plan.

3. Procedure EPP 06-022, "TONE ALERT RADIO MAINTENANCE / COMPENSATING MEASURES," Rev. 6

This procedure describes the tone alert radio maintenance program and the compensating measures which are taken when the radios are unable to operate on an area-wide basis.

The procedure is being changed to add weather alert radios for use in emergency alert and notification to the public.

The change complies with 10 CFR 50, Appendix E, Section IV.D.1. The change does not reduce the effectiveness of the Emergency Plan.

4. EPF 06-018-15, "EMERGENCY PLANNING QUARTERLY COMMUNICATIONS CHECKLIST," Rev. 14C

The Form has been changed to make an administrative correction. Updated Phone Numbers due to changes at the State Defense Building.
