1. Letter from Jeffery D. Isakson (ISP) to NRC Document Control Desk, Submittal of License Application Revision 2 (updated) and Request to Restart Review of Application for Approval of the WCS CISF, Docket 72-1050, dated June 19, 2018 (E-52247)
 2. Letter from John-Chau Nguyen (NRC) to J. Isakson (ISP), Interim Storage Partners' License Application to Construct and Operate the Waste Control Specialists Consolidated Interim Storage Facility, Andrews County, Texas, Docket No.7201959 – First Request for Additional Information, Part 1, dated November 16, 2018

Pursuant to Reference 2, Interim Storage Partners (ISP) hereby responds to the Request for Additional Information (RAI) regarding our license application to construct and operate a Consolidated Interim Storage Facility (CISF) for Spent Nuclear Fuel and GTCC Waste in Andrews County, Texas. The NRC requested that ISP notify the NRC within two weeks of receipt (received November 26, 2018) of Reference 2 of whether it could fully respond to the RSAs by January 15, 2019.

ISP is providing notification that we can respond to the RAIs by the end of February 2019. As you know, with the Thanksgiving, Christmas and New Years Holidays the actual number of working days between receipt of the RAIs and January 15 is 25 days. In order to provide high quality responses to the RAIs during this holiday season additional time is necessary to complete the responses.

NMSS 26

ISP will be keeping the NRC staff advised of our progress and will provide regular updates of our progress and if some of the RAIs require any adjustment to the revised submittal schedule.

Should you have any questions or need additional information, please contact Mr. Jack Boshoven by telephone at (410) 910-6955, or by email at jack.boshoven@orano.group.

Sincerely,

A handwritten signature in black ink, appearing to read 'JD Isakson', with a long horizontal flourish extending to the right.
