May Ma ,

RE: Waste Control Specialists LLC's / ISP's Consolidated Interim Spent Fuel Storage Facility Project

Dear May Ma and NRC,

I am writing to oppose Waste Control Specialists' license application for Consolidated Interim Storage in Texas, and also to oppose the Holtec project for New Mexico. Please deny both licenses. Sending radioactive waste to Texas would risk our health and security, financial disaster, damage to existing businesses, and contamination of land, air and waterways at the site and along transport routes.
