 3. NPPD Letter to NRC, "Revision to Nebraska Public Power District's Flood Hazard Reevaluation Report," dated September 29, 2016

Dear Sir or Madam:

The purpose of this correspondence is to provide Nebraska Public Power District's (NPPD) Integrated Assessment of the reevaluated external flood hazards at Cooper Nuclear Station (CNS) in response to the Nuclear Regulatory Commission's (NRC) information request. (Reference 1) associated with Near-Term Task Force Recommendation 2.1, Flooding.

Reference 1 required licensees to submit a flood hazard reevaluation report (FHRR). NPPD submitted the FHRR for CNS per Reference 2, and a revised FHRR for CNS per Reference 3. Another required response of Reference 1 directed licensees to submit an Integrated Assessment Report for any flood causing mechanism not bounded by the current design basis. This submittal completes the actions related to external flooding required by Reference 1.
