Subject: Name Change

Discussion: In a recent amendment, the licensee requested to change their name to add "dba Medstar Georgetown University Hospital" on their license. They stated in their letter that the name is part of who they are known to the public and would like it to be reflected on their license. I previously asked that they get a letter from their counsel to state that the name change is not the result of a change of ownership. In a letter dated October 3, 2018, Ms. Jones stated that it was not the result of change of ownership but did not provide a statement from counsel. The amendment was issued on November 20, 2018, but did not grant the name change. This request is a response to a previous RAI but is controlled as a new amendment to resolve the name change issue. I contacted Ms. Jones to ask if she could provide me a statement from their legal staff that the name change is not part of a change of control and is the legal name of the licensee.
