Subject: Update Regarding Implementation of the NRC's March 2018 Approach

Dear Mr. Parsons, Mr. Brings, and Mr. White,

As mentioned in the NRC staff's 11/21/2018 letter (ML18325A029) and 12/12/2018 email from Diana Diaz-Toro, we have been working with our contractor (SC&A) to select a replacement for Dr. Nickens, who is no longer with SC&A. We would like to inform you that SC&A has assigned Mr. Jerry Spangler, and the NRC's onboarding process is now complete. As previously noted, Mr. Spangler will be working with the NRC staff and the Tribes to facilitate implementation of the March 2018 Approach.

I would also like to take a moment to introduce myself, as an NRC staff member newly assigned to the Dewey Burdock project. With the departure of Kellee Jamerson from the Environmental Review Branch (ERB), Diana Diaz-Toro has assumed the role of Lead project manager (PM), and I will work with her as the back-up PM. Although I have not previously been assigned to work on the Dewey Burdock project, I have been a member of ERB for the past nine years, am familiar with the project, and have worked with Ms. Diaz-Toro on many varied projects.

I hope that your New Year has started well and look forward to working with you in the near future.
