Buzzi Unicem USA, Festus plant
1000 River Cement Road
Festus, MO 63028

To whom it may concern:

The following statement reflects Buzzi Unicem USA, Festus plant's policy on non-routine maintenance or testing of radiological sources and their safety components:

NONROUTINE MAINTENANCE OPERATIONS

The gauge manufacturer, distributor, or other person authorized by the NRC or an Agreement State will perform nonroutine operations such as installation, initial radiation survey, repair and maintenance of radiological safety components, relocation, replacement, alignment, removal from service, and disposal of sealed sources.

If there are questions about the plant policy please contact the plant's RSO, Matthew High, at the address listed above or by phone at 636-931-2502.

Respectfully submitted;

Matthew High 09 Jan 19

Subject: [External_Sender] RE: Renewal of you NRC license

Erin, I have attached the needed letter. If the letter needs to be reworded or restructured please let me know and I'll get it corrected as soon as I can.

Thanks

Matthew High
