RE: Delegation of Authority

You, *Philip Strong*, have been appointed Radiation Safety Officer and are responsible for ensuring the safe use of radiation. You are responsible for managing the Radiation Protection Program; identifying radiation protection problems, initiating, recommending, or providing corrective actions; verifying implementation of corrective actions; stopping unsafe activities; and ensuring compliance with regulations. You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations where justified to maintain radiation safety. You are required to notify management if staff does not cooperate and does not address radiation safety issues. In addition, you are free to raise issues with the Nuclear Regulatory Commission at any time. It is estimated that you will spend two (2) hours per week conducting radiation protection activities.

Barry Bolich, *Manager*

**Management Representative**

Date

Good Morning Phil,

Thank you for your prompt attention to my request. Unfortunately, I cannot use either the fax cover sheet or the email which you provided as a means of an official submittal to the NRC. An official submittal, such as this additional information, must include a signed and dated cover letter. The official submittal, which includes both a signed and dated cover letter and the Delegation of Authority can then be sent to me via fax or email. If you have any questions, please feel free to call me.

Thank you,

*Erin Kennedy*
