Document: NRC-2018-0230-DRAFT-0049

Comment on FR Doc # 2018-23521

Submitter Information

Name: James bailen MD FACS CPI

General Comment

I am a urologist who specializes in advanced prostate cancer. In the appropriate setting I see no problem with any MD who has had training in the handling of RA 223 from giving the infusion. It certainly does not require any specialized training to give a medication by IV.

James L Bailen MD FACS CPI
