SUBJECT: PROFESSIONAL ROOF SERVICES A BLUEFIN COMPANY, CONSENT TO TRANSFER LICENSE AND LICENSE AMENDMENT, MAIL CONTROL NO. 610054

Dear Mr. Dancy:

By the letters dated September 27, 2018, and November 16, 2018, (Agencywide Documents Access and Management System (ADAMS) accession numbers ML18275A050 and ML18340A096, respectively), Professional Roof Services, Inc. (PRSI) requested written consent by the U.S. Nuclear Regulatory Commission (NRC) to a proposed direct transfer of control of NRC Materials License No. 07-30504-01 to Bluefin, LLC. Your letter stated that the transfer of ownership occurred on September 4, 2018, when Bluefin, LLC purchased most of the assets of PRSI. Thus, this was a post-hoc notification of a direct transfer of control of a NRC licensee. PRSI and Bluefin, LLC did not comply with NRC regulations as they did not receive the NRC's prior written approval for this transfer of control as required by 10 CFR 30.34(b) and Section 184 of the Atomic Energy Act of 1954, as amended.

From your letter, we understand that this transfer will not result in any change to the location of use, materials, persons using licensed material, or persons responsible for radiation safety at the licensed facility. We further understand that the name of the licensee will be changed to Professional Roof Services a Bluefin Company.

Based on the above understandings, as more fully detailed in the enclosed NRC staff's Safety Evaluation Report, which documents the NRC staff's safety review of the request, the NRC consents to the proposed transfer. Please find enclosed Amendment No. 7 authorizing a name change to Professional Roof Services A Bluefin Company.

Future changes in the licensee's name, licensed use, licensed materials, licensed location, or persons responsible for licensed material require submission of a request to amend the license. NRC approval must be received prior to implementation of the proposed change. If you have any questions regarding this letter, please contact Leonardo Wardrobe at (610) 337-5171 or via electronic mail at leonardo.wardrobe@nrc.gov.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosures will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web Site at: http://www.nrc.gov/reading-rm/adams.html.

Thank you for your cooperation in this matter.

Sincerely,
