Gentlemen:

Enclosed is a constituent's letter for inclusion in your record on the Salem (I), New Jersey nuclear power plant.

I contacted your office earlier on behalf of another constituent, Mr. Ernie Mabrey, and am now awaiting an evaluation of the NRC staff inspectors' report on this plant. I appreciate your assistance.

Sincerely,

Bill Roth

Dear Senator Roth:

Yesterday's Morning News had an article about the report of the Nuclear Regulatory Commission staff inspectors on the two power plants that bracket us —

The report was hair-raising; both in the findings in the installations and the attitudes

of the people in charge of the plants —

It is incredible the hit-or-miss way we are allowing these plants to operate when they are so deadly if mishandled.

What, for instance, is being done with the wastes from them?

Will you please do anything you can to give the inspectors Congressional backing?

Sincerely yours,

Mrs. Richard W. Nebel
