October 10, 1973

Mr. A. Giambusso
Deputy Director for Reactor Projects
Directorate of Licensing
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Giambusso:

CONTROL ROOM VENTILATION SYSTEM
SALEM NUCLEAR GENERATING STATION
DOCKET NOS. 50-272 AND 50-311

The Regulatory Staff position regarding the control room ventilation systems for the Salem units, transmitted in your letter of September 19, 1973, has been evaluated by our engineering staff.

We are in the process of re-designing the ventilation system to provide a filtered supply of air to all working areas where personnel will be stationed within the zone supplied by the control room ventilation system.

The design modifications will be transmitted to you as soon as they are finalized.

Very truly yours,

F. W. Schneider
Manager of Engineering
Electric Engineering Department
