Subject: Decommissioning Records

Discussion: In the letter dated January 15, 2019, Prime NDT Services describes that RAE Group Holding Inc. would be responsible for the transfer and maintenance of records important to the safe and effective decommissioning. I stated that the licensee is responsible for holding these records and since they only have authorization for sealed sources, it would be the last leak test until something leaks. Mr. Shumway said that they maintain all radiation safety records including leak tests. Therefore they are still maintaining these records. He also stated that only financial records are being maintained by RAE Group Holding Inc.
