Subject: Clarification of Portable Gauge Model Numbers on RAI

Discussion:

In the reply to my Request for Additional Information, dated January 17, 2019, the licensee stated that they would like to possess one Troxler Electronic Laboratories, model 3214 portable gauge. The licensee clarified that this was a clerical error and that they would like to possess one Troxler Electronic Laboratories, model 3241-C portable gauge containing a sealed 100 mCi Am-241/Be source.

Action Required: Add this device on their license.
