 NRC Representative Name/Title: Dennis Lawyer, Health Physicist

Subject: RAI, Public Dose Calculation

Discussion: I discussed with Mr. Gould that the public dose calculation that he performed was inaccurate because he didn't calculate using the square of the distance when he converted the dose rate from 1 meter to 1 foot. I however looked at the SS&D and it has a value of 0.4 mR/hr at 30 cm from the gauge in its container. I suggested he use that for his basis instead of the 1 meter reading. Mr. Gould said he would recalculate and resubmit.

Action Required: Mr. Gould to resubmit the dose calculations.
