There is an error on the original application. Please correct the section to state:

WASTE MANAGEMENT

8.29 Item 11

We have developed and will implement and maintain written waste disposal procedures for licensed material in accordance with 10 CFR 20.1101, that also meet the requirements of the applicable section of Subpart K to 10 CFR Part 20 and 10 CFR 35.92.

Thank you for your cooperation with this matter. If you have any questions or require additional information please contact Michelle Kritzman, Medical Nuclear Physicist, at 734-662-3197 or by email at mkritzman@mpcphysics.com.

Good morning Ms. Kritzman,

I identified an error in section 8.29, Item 11 under "Waste Management" in your letter dated 10/22/18. The statement contains an error referring to "Subpart K to 10 **CRF** Part 20" instead of 10 CFR Part 20.

Please resubmit the entire statement in a signed and dated letter. You may just email the letter directly to me.

Thank you
Magdalena
