Dear Mr. Mink, I left you a voicemail on the additional information you submitted to support adding 2 physicists to the above license. Thank you for providing documentation of completion of emergency training. Please provide documentation of completion of training on your operating procedures. Specifically, the spot-check procedures were submitted in a letter dated December 3, 2012. Please provide confirmation that Dr. Pevsner provided training on these procedures to both physicists. Finally, the licenses provided from New Jersey and New York are incomplete. Please provide complete licenses showing the authorized material and the physicists designated authorized use for the material.

You may forward your response to my attention either via a signed pdf sent via email or via fax to 610-337-5269. Please reference Mail Control No. 611246 in your response. Thank you for your assistance,
