SUBJECT Flexibility in making changes to the radiation protection program				

**SUMMARY AND ACTION REQUIRED (IF ANY)**

On 2/14/19, M. Gryglak contacted J. Rakowski and informed him of the option to make changes to the licensee's radiation protection program for the Icon if the licensee commits to specific conditions listed in the NRC guidance "Leksell Gamma Knife Perfexion and Leksell Gamma Knife Icon", Revision 1, Section 6.5. The guidance is available at <http://www.nrc.gov/materials/miau/med-use-toolkit.html>. Specifically, the licensee can make future changes to its radiation protection program for Icon if the following conditions are met:

The record will include a copy of the appropriate Web site guidance, the old procedure, are met:

1. The revision is in compliance with the regulations of the NRC or Agreement State;
2. The revision is based on the current guidance for the Perfexion™ and/or Icon™ gamma stereotactic radiosurgery unit medical use under 10 CFR 35.1000 use posted on the NRC Web site or the current operators manual and additional safety recommendations from the manufacturer;
3. The revision has been reviewed and approved by the licensee's Radiation Safety Officer and management;
4. The affected individuals are instructed on the revised program before the change is implemented;
5. The licensee will retain a record of each change for 5 years; and
