Dear Sir or Madam:

Dearborn County Hospital would like to amend its Byproduct Materials License, Number 13-17327-01, to remove John A. Botsford, William R. Drew, and Wagih H. Shehata as Authorized Users. All have discontinued practice at our facility.

We are currently still in possession of materials licensed under 10 CFR 35.400. We request that our authorization for such materials be changed to storage until we are able to dispose of them. Once we have disposed of all 35.400 materials, we will request its removal from the license.

If there are any questions concerning this license amendment, please contact our nuclear medicine physicist, Mr. Patrick J. Byrne, at 734-717-8731.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Michael W. Schwebler'.
