SAFETY EVALUATION REPORT
Docket No. 71-9185
Model No. OP-100 Package
Certificate of Compliance No. 9185
Revision No. 13

SUMMARY

On February 22, 2019, the U.S. Nuclear Regulatory Commission (NRC) issued Certificate of Compliance (CoC) No. 9185, Revision No. 12, for the Model No. OP-100 package.

Due to a word processing error, some revision numbers were incorrectly identified in the header of the CoC.

The certificate has been reissued, as Revision No.13, to reflect the correct revision number on each CoC page.

EVALUATION

The staff considers the issuance of Revision No. 13 of the CoC administrative in nature since the correction of an error in the revision numbers in the heading of the certificate does not affect the ability of the package to meet the requirements of Title 10 of the *Code of Federal Regulations* (10 CFR) Part 71. No other changes were made to the CoC.
