NRC Material License No. 04-35210-01 (Docket No. 030-38806)**

On July 11, 2018, SCST, Inc. and Atlas Technical Consultants LLC (collectively, the "Applicants"), requested written approval by the U.S. Nuclear Regulatory Commission ("NRC") for the proposed transfer of control of NRC Material License No. 04-35210-01 ("the License"). On August 27, 2018, the NRC approved the transfer of control.

This notice informs the NRC that the transfer of control closed on November 8, 2018.

As described in the Applicants' July 11, 2018 license transfer request, at the closing the assets of SCST, Inc. were transferred to SCST, LLC, although the licensed employees, equipment, facilities, personnel and procedures were not affected. Accordingly, SCST, LLC hereby requests that the NRC issue a conforming amendment to the License to reflect the new name of the licensee as "SCST, LLC."
