Subject: [External_Sender] docket 1D NRC-2018-0279
Date: Saturday, March 02, 2019 12:54:40 PM

With the closure of Pilgrim in June, Plymouth and Massachusetts cannot afford to wait for 60 years for this valuable space to be decommissioned. Holtec has already partnered with Pilgrim to manage the plant's spent fuel, and will decommission and clean up the site for new opportunities. Lets make this a reality. I support Holtec in its purchase of Pilgrim and hope you will approve the transaction(document ID NRC -2018-0279).

Sincerely
William B Stewart
