U.S. Nuclear Regulatory Commission  
Two White Flint North - Mail Stop T4-B34  
11545 Rockville Pike  
Rockville, MD 20852-2738

Dear Ms. Garcia-Santos:

In accordance with the Memorandum of Understanding between our agencies, on June 13, 2018, we requested that your office review the French Certificate of Approval No. F/381/AF-96, Revision Dk for the TNF-XI package and make a recommendation concerning our revalidation of the package for import and export use. By letter dated July 30, 2018 (Docket No. 71-3092, EPID L-2018-LLA-0170), you provided a request for supplemental information, to which I responded with letters dated August 21 and October 24, 2018.

Our applicant, TN Americas LLC, has provided a revised response to item RSI 1-1 that was included in your July 30 request for supplemental information. Enclosed are a letter with 2 enclosures and the same items on a disc.

If you have any questions or need any additional safety information, please feel free to contact me at (202) 366-3597 or via email at Michael.Conroy@dot.gov.

Sincerely,

Michael Conroy  
Physical Scientist, Radioactive Materials/R&D  
Sciences, Engineering and Research Division  
Office of Hazardous Materials Safety
