Re: NRC Project ID Docket ID 2019-0027, proposed amendment to Army's NRC license for possession of depleted uranium at Jefferson Proving Ground, Indiana.

To Whom It May Concern,

Pursuant to consultation under Section 106 of the National Historic Preservation Act (1966 as amended) the Forest County Potawatomi Community, a Federally Recognized Native American Tribe reserves the right to comment on Federal undertakings, as defined under the act.

This response pertains to the project mention above. Tribe has no immediate objection to the 33 Army's request for amendment and exemption to Source Material License SUB-1435 for possession of depleted uranium at the Jefferson Proving Grounds (JPG). However, the JPG falls within the aboriginal homelands of the Forest County Potawatomi Community and therefore the Tribe requests to be consulted regarding any Historic property exposed as a result of any federal undertaking and included in any repatriation under NAGPRA associated with the Army's proposed license amendment and exemption.

Your interest in protecting Indiana's cultural and historic properties is appreciated. If you have any questions or concerns, please contact me at the email or number listed below.
