Additional Information Needed for License Renewal

SUMMARY

During our review of your license renewal application dated September 25, 2018, it appeared that your application had not been completely prepared in accordance with the guidance in NUREG 1556, Vol. 1, Rev. 2, "Consolidated Guidance about Materials Licenses: Program-Specific Guidance about Portable Gauge Licenses."

1. Please review the applicable guidance in NUREG 1556, Vol. 1, Rev. 2 and the attached license application checklist. You will need to resubmit your application addressing all the areas discussed in the checklist.
2. In your application, you did not indicate if you intend to use the gauges at temporary job sites. Please indicate in your response if you will be using the gauges at temporary job sites in addition to the storage locations that you listed in box 3 of NRC form 313, and have it signed by senior management.
3. In your application, you did not provide a delegation of authority for the proposed RSO. Please provide a current delegation of authority, signed by both the RSO and senior management. A sample delegation of authority is attached to this conversation record.

SUMMARY: (Continued from page 1)

4. The application that you submitted which includes your Site Specific Radiation Safety Plan is potentially overly restrictive. Please either resubmit your application without these procedures; or indicate that you agree to leave these documents as-is and that you understand that by doing so the procedures will become legally binding and enforceable.
