General Comment

My name is Mary Gatslick and I have worked as an employee of Pilgrim Nuclear Power Station for 28 years. Ever since the closure of Pilgrim was announced, I have had to contemplate what is next for my career and livelihood.

However, Plymouth should not have to do the same. Under Holtecs proposed plan to decommission Pilgrim decades ahead of schedule, Plymouth has the chance to take control of its future. Holtec also proposes to employ several of Pilgrims current employees, giving many of my co-workers a chance to stay on with Pilgrim through decommissioning.

Please consider these benefits and approve the sale of Pilgrim to Holtec.
