SUBJECT: VOIDED APPLICATION

Control Number: CN611212

Applicant: Purdue University

License Number: 13-02812-04

Docket Number: 030-00696

Date Voided: 3/13/2019

Reason for Void: On February 1, 2019, the NRC received the licensee amendment request. The licensee wishes to expedite a request for the possession of a small quantity of special nuclear materials. Based on a review of the current license (Amendment No. 97), the reviewer determined that the licensee is already authorized for those materials under Item 6.I. On February 4, 2019, the reviewer called and discussed the above with the RSO. The licensee reviewed their license and agreed with the reviewer's assessment. In an email dated February 6, 2019, the RSO requested to withdraw their request. This was discussed with Ms. Cassandra Frazier and the MLB Branch Chief.

Frank

Sorry for all the hassle. You are correct. I withdraw my request dated February 1, 2019. I appreciate your time.

PS The scanned copied was misplaced in our electronic files so I thought 96 was the current amendment.

Thanks again

Jim
