Mr. Bryan Hanson
Senior Vice President, Exelon Generation Co., LLC
President and Chief Nuclear Officer, Exelon Nuclear
4300 Winfield Road
Warrenville, IL 60555

RI-2018-A-0031

Subject: Calvert Cliffs - NRC Office of Investigations Case No. 1-2018-015

Dear Mr. Hanson:

The Region I Field Office, NRC Office of Investigations (OI), initiated an investigation (Case No. 1-2018-015) on August 30, 2018, to determine whether a Reactor Operator (RO) NRC license candidate and a Senior Reactor Operator NRC license candidate at Calvert Cliffs Nuclear Power Plant deliberately violated NRC regulations governing the integrity of licensed operator examinations and testing. Based upon documentary and testimonial evidence developed during the OI investigation, the NRC did not substantiate that either candidate deliberately violated NRC regulations governing the integrity of licensed operator examinations and testing.

Please note that final NRC investigation documents, such as the OI report described above, may be made available to the public under the Freedom of Information Act (FOIA) subject to redaction of information appropriate under the FOIA. Requests under the FOIA should be made in accordance with 10 CFR 9.23, Requests for Records. Additional information is available on the NRC website at <http://www.nrc.gov/reading-rm/foia/foia-privacy.html>.

Also, in accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records System (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

No response to this letter is required. Should you have any questions regarding this letter, please contact Nicole Warnek, of my staff, at (610) 337-6954.

Sincerely,

/RA/

Brett Klukan
