Subject: [External_Sender] FLEX Equipment

Good morning Tammy and Jill,

Are you presently doing any PRA work? If so, are you including the already purchased FLEX equipment in your analysis?

If you didn't see it, there was a session on including FLEX equipment into your Probabilistic Risk Assessment at the NRC's 31st Annual Regulatory Information Conference. It was session W27.

Thank you,

Tom & Sheila, stockholders

(Would it be too early in the year for my 4th annual request to actually see Exelon FLEX equipment in operation at the annual Exelon Open House?)
